| <b>Tools</b>              | Excel, Power BI                                                                             |

## TRAININGS

### Full Stack Development Training by IIT ALLAHABAD:

- Gained Comprehensive Knowledge about Full-Stack Web Development. *Prayagraj, UP*
- Developed proficiency in HTML, CSS, JavaScript.

### Python by United College of Engineering:

- Learned to modularize code using functions.

### Hackathon at IIT (ISM) Dhanbad:

Participated in a prestigious hackathon hosted by IIT (ISM) Dhanbad, where I worked on an innovative healthcare-related project

## PROJECTS

- **Machine Learning**  
Developing a machine learning model to accurately detect breast cancer from medical data, aiming to assist early diagnosis and improve patient outcomes.
- **Personalized Portfolio Website**  
Developed a custom portfolio website to showcase personal projects, skills, and achievements
- **Game using Python**  
Developed a **Rock Paper Scissors** game with a graphical user interface (GUI) using Python and the **tkinter** library.  
This project provided an interactive experience for users to play the classic game against the computer.

## ACHIEVEMENTS/CERTIFICATIONS

- Certification in Workshops like **MATLAB, Cyber Security**.
- Certification in **Web Development** Bootcamp by UDEMY.
- Secured 1<sup>st</sup> position in **Kho-Kho** state level match.
- Secured 1<sup>st</sup> position in district level **Dance competition**.
- Won the title of **Miss Fresher** in college.
